BIG JOB FOR NEW COMPANY.

President E. E. Reynolds, of the American Wire Company, of Clinton, Iowa, was in the city Friday and let a contract to the Cloverport Foundry and Machine Company for the manufacture of sixty wire looms to be used by the former company in their new plant at Clinton. The looms, when completed, will cost \$31,000, or \$300 each.

The contract is to be finished by the first of August.

Mr. Reynolds and President Madison L. Christian of the Cloverport Foundry & Machine Company, left Saturday for Chicago, where the pattern for each piece of the wire loom to be manufactured will be gotten out. The pattern work would be done here but would require more time than at Chicago. President Christian is expected to return from Chicago in the next ten days with the pattern machine. Within the next week the foundry works will be in shape to turn out the first castings for the looms.

The contract secured from the American Wire Company is considered a large one for a new concern, like the Cloverport Machine and Foundry Company, but one which, at the same time, has the necessary facilities for turning out the work.

DEBTS WORRIED HIM.

Guy Deane, who was located in Waco, Texas, last week, returned to Owensboro Saturday afternoon at 3:30 o'clock. A reporter for the Owensboro Messenger went to Mr. Deane's home that evening and asked Mr. Deane if he would like to make a statement concerning his absence and its motives. Mr. Deane declined to make any statement whatever. Concerning the matter Sunday's Messenger, says, in part: "It has become known, however, that Mr. Deane's queer conduct was the result of financial difficulties. He was harassed with debts he could not meet and, after long worrying over them, felt he could no longer battle with them, and on the impulse went to Mexico and secured a position. In a day or two, however, thoughts of separating from his wife and child overweighed him and he returned to the United States, going to his nearest friends, Mr. and Mrs. R. S. Triplett, Jr., at Waco. Then he wrote to Mrs. Deane and Mr. A. Harris. He said he was really pressed and unnerfed but that is all."

Four Escape; Two Dismissed.

Of the six drunken youths who broke up a singing school at Pincheon, in Hancock county, on Friday night, February 27, four fled to Breckinridge county and two were tried before Judge Stephens last week and dismissed because of defects in the warrants. The two tried were Will Warner and Sam Overton. One who escaped to this county were Jake and John Richards and Otis and Scott Smith.

Wentz Must Pay \$4,000.

The suit of Allen S. Edeles, of Burgin, Ky., against Dr. John L. Wentz, of Beranton, Pa., to recover \$4,000 for alleged breach of contract to buy a pair of horses, resulted in a verdict for the full amount of the plaintiff, plus the interest on the sum and the board of the horses since last fall, in a Louisville court last week. Mr. Edeles married Miss Elizabeth Beard, of Hardinsburg, where he is well-known.

Funeral at Webster.

The funeral of Horace G. Stewart, mention of whose death will be found on another page, was held Saturday at Webster, his old home. Mr. Stewart did not die at the Kentucky Tobacco company's plant, but was injured there and died at St. Joseph's Infirmary last. A slight mistake in the first sentence of the article about his death gives rise to this correction.

Barrington Found Guilty.

The jury in the case of F. Seymour Barrington, on trial at Claymont, Mo., charged with the killing of James J. McCann, last June, found the defendant guilty of murder in the first degree. Saturday at midnight. The murdered man was husband of a Miss Jessie Callaway, who, several years ago, was a waitress in this city.

CITY COUNCIL PROCEEDINGS.

The city council held its regular meeting Monday night with the following members present: Joe Fitch, C. S. Lamb, Henry Yeager, S. H. McCracken, J. W. Pate and J. H. Brown. Councilman Lamb was elected mayor pro tem in the absence of Mayor Held. Much minor business was passed upon and only a few important questions were up for consideration.

Mike Popham applied for license to run a pool table in the city and same was granted.

Ordinance No. 44, prohibiting vehicles of all kinds on sidewalks was passed. The street committee was instructed to notify Mr. Jno. Lillard either to repair or remove the shed attached to his tobacco warehouse, as it is in a dilapidated condition.

Among other accounts and claims, J. R. Stailman and J. A. Deane, the Owensboro attorneys, were allowed \$60 for services to the city in the Jno. Hall case.

The bill recently introduced into the State Legislature asking that towns of this class be empowered to employ an attorney outside of the city at a regular salary, was discussed to some extent. The bill was originated by the council, drawn up by Mr. Stailman, and introduced in the House by Mr. Day and in the Senate by Mr. Richardson. If the bill is passed the council expects to employ Mr. Stailman.

The council adjourned to meet next Monday night to consider bids for electric lights.

DIES AT RIPE AGE.

Mrs. Jane M. Fairleigh, relict of the late James L. Fairleigh of Moscow, died Saturday afternoon in Owensboro at the home of her daughter, Mrs. Chapeau Wathen. She had been ill for several months and her death was expected. She was seventy-nine years of age. Mrs. Fairleigh was prominently connected in this city, Owensboro, Hardinsburg and Brandenburg. She was a daughter of the late Col. D. R. Murray, of this city and is a half-sister of Gen. D. R. Murray, of Hardinsburg, and Logan C. Murray, of Louisville. Mrs. R. L. Newsom and Mrs. J. D. Brashers, of this city, are her nieces. She is survived by three children, David Hall, and J. A. Fairleigh, of Louisville, and Mrs. Chapeau Wathen, of Owensboro.

Mrs. Fairleigh lived in Brandenburg the greater part of her life and resided in Owensboro something more than a year.

The remains were taken to Brandenburg Sunday morning for interment.

NATIONAL CAPITOL.

The Smoot investigation and the appointment of a national chairman of the Republican party are the most engaging topics at Washington just at present. A special save that senator Quay wants Roosevelt to appoint Senator Penrose to the position left vacant by the death of Hanna, and the leaders are said to be favorable to the movement. In this case Penrose would be chairman in name only, while Quay would really be the campaign manager. In the Smoot investigation, President Joseph F. Smith, president of the Mormon church and a star witness, says that he is not polygamous, that he will never desert his five families and that Congress has no right to meddle with his affairs.

Logan Murray Robbed.

Porch-climbers made rich hauls at the home of Samuel A. Culbertson and Logan C. Murray, on Third avenue, Louisville, Friday evening, securing jewelry and money to the amount of \$5,000. At the home of Mr. Culbertson, 1624 Third avenue, the thieves secured diamonds and other valuable jewels the value of which is fixed \$1,800 by Mrs. Culbertson, who owns the property. It was while at the home of Mr. Murray, 1630 Third avenue, but a few doors south of the Culbertson home, they secured Mr. Murray's watch and several jewels belong to members of the family. The watch is valued at \$100, while the other jewelry taken is worth about \$100.

Sells Large Monument.

J. E. Keith was in Owensboro Friday and sold a large Barre granite family monument to Richard Ware.

Presidential Booms.

Washington, March 7.—The Parker Presidential boom continues to gain strength among Democratic members of Congress. The Hill victory in the New York State committee has given it quite a lift. The crystallization of sentiment among Southern Congressmen in the last ten days on Parker has been followed by a distinct setting of the tide of the North-west toward the New York Judge. Former Gov. Lind, of Minnesota, said today that the Northwestern Democrats now looked to Parker as a man on whom all might possibly agree.

The Washington Post in its news column today, says that Parker sentiment is growing rapidly among Democrats in Congress.

Quay Wants Penrose.

Washington, March 5.—Gov. Odell's decision to cancel his engagement with the President is attributed to his desire to allow matters in the Republican party in the Empire State to drift along for a few days without taking any decisive action. The Governor is busy harmonizing things by humiliating Senator Platt through the removal of his friend, State Chairman Dunn. It is announced that the "Old Man" is politically dead. This has happened about one thousand times. When the Democrats roll up a big majority in New York this fall the Odell crowd will probably blame it on Platt regardless of the fact that he is now supposed to have no power in New York Republican politics. The Governor also takes occasion to deny that he is after the chairmanship of the National Committee. He even goes further and says he would not have it on a silver platter.

In this connection, Senator Quay, of Pennsylvania, saw the President this morning. Quay wants his colleague, Senator Penrose, to step into Hanna's shoes. With Penrose the titular chairman, Quay would really have the management of the campaign, and in case the Republican ticket should be elected, Quay would hold the same position as Hanna held under McKinley. The relations between President Roosevelt and Senator Quay are already very close and the President is seriously thinking of taking the advice of Quay and asking his representative, Penrose, to accept the chairmanship.

WITH STATE SOLONS.

Next Thursday the General Assembly will adjourn sine die.

With six working days left, something like 300 bills remain for consideration. Nearly all the important measures were passed during the first month of the session.

On Saturday the House authorized a committee to investigate certain charges made against the management of State prisons. Also on Saturday Governor Beckham signed the bill re-establishing the Geological Survey at an annual cost of \$15,000. Many other bills of more or less importance are before the Governor this week for his approval.

LATE WAR NEWS.

Sunday.

Belief prevailing in London that there is now small prospect of intervention in the far eastern hostilities by any of the great powers.

It is the belief at St. Petersburg that there will be heavy land fighting with Japan before the last of April. Russia is said to regard the crippling of Port Arthur as a matter of relatively small importance.

Russian squadron in the harbor failed to venture out.

Japanese make flank movement towards Vladivostok.

Tuesday.

Official dispatches from Yixi Kow say that the Japanese fleet is again bombarding Vladivostok.

Koreans enraged by Russian excesses, drive the latter across Yalu river.

IS MUCH IMPROVED.

The condition of Mr. A. B. Skillman is much improved over what it was when he was taken on Tuesday of last week to Louisville to be operated on at St. Joseph's Infirmary. Unexpectedly Mr. Skillman began to improve when he arrived at the infirmary and it was decided not to perform the proposed operation. Since then he has been steadily improving and his physicians now report his condition normal. He will return to this city today if the weather is favorable.

MORE TAXES TO PAY.

Hardinsburg, Ky., Mar. 8.—(Special.)—County Court Clerk W. F. Hook has completed the recapitulation of the assessor's book for the year 1904. It shows a total of \$4,891, 218 worth of property in the county. The exemptions amount to the sum of \$607,371, leaving for taxation a total of \$3,777,143.

This is an increase of \$87,694 over the assessment of last year. The Hardinsburg Magisterial district shows the largest part of this increase and lists more property than any district in the county with the Cloverport district a close second. A comparison of the assessments of the various districts shows that the people of Hardinsburg list their property better than those who live in other portions of the county.

Sprague in Trouble Again.

The blowing out of a cylinder head on the mammoth towboat Sprague caused dissolution and disaster to a high tow that the boat was trying to shove up-stream over the falls at Louisville Monday. The Sprague had a tow of thirty-four pieces, thirty-one empty and three loaded lumber barges and was assisted by the steamers Transit and Fulton.

ONLY ONE ARMED.

There were a number of minor civil cases and three criminal cases in the regular police court Monday.

Willie Clark was fined \$2 and costs for disturbing the peace and Chas. Barreux, colored, \$1 for boarding a moving train.

Saturday at midnight several pistol shots were fired at the negro dance hall on upper Water street. A dance was just breaking up and Marshal DeHaven went to the scene to learn the trouble. He could find no one who did the shooting but searched about twenty-five of the male participants in the dance. On only one, strange to say, he found a revolver. Guy Belmer, the unfortunate one, was tried before Judge Wills Monday. It was proven that he had the weapon but that it was not concealed. No other arrests were made.

Loss of Flesh

When you can't eat breakfast, take Scott's Emulsion. When you can't eat bread and butter, take Scott's Emulsion. When you have been living on a milk diet and want something a little more nourishing, take Scott's Emulsion.

To get fat you must eat fat. Scott's Emulsion is a great fattener, a great strength giver. Those who have lost flesh want to increase all body tissues, not only fat. Scott's Emulsion increases them all, bone, flesh, blood and nerve.

For invalids, for convalescents, for consumptives, for weak children, for all who need flesh, Scott's Emulsion is a rich and comfortable food, and a natural tonic.

Scott's Emulsion for bone, flesh, blood and nerve. We will send you a free sample. Be sure that this picture in the form of a label is on the wrapper of every bottle of Emulsion you buy.

Health Pads on the Brain. To get all sorts of health, the brain is a disease in itself. It is a very prevalent disease too. With a few foolish rules to observe, a whole lot of hygienic quacks to shun, and a schedule of superstitious sanitary notions diligently followed by day and dreamed of by night, is a malady which begins as a neuralgia and ends in a complete physical failure. No room left for a spontaneous idea, no place for free, joyous liberty. Not a minute's space for reaching disregard. Everything fixed, every minute disposed of, introspections without number. Forebodings, misgivings, hovering vaguely about the mind, like flocks of carrion crows. Such a life is not worth living.—Medical Talk.

Proper Treatment of Pneumonia.
Pneumonia is too dangerous a disease for anyone to attempt to doctor himself, although he may have the proper remedies at hand. A physician should always be called. This remedy is also used by physicians in the treatment of pneumonia with the best results. Dr. W. J. Smith, of Sanders, Ala., who is a druggist, says of it: "I have been selling Chamberlain's Cough Remedy and prescribing it in my practice for the past six years. The Wickedest Bit of Sea.
Nine out of ten travelers would tell you that the roughest piece of water is that cruel stretch in the English channel, and nine out of ten travelers would say what was not true. As a matter of fact "the wickedest bit of sea" is not in the Dover strait or in yachting, for example, from St. Jean de Luz up to Pauillac or across the Mediterranean "race" from Cadix to Tangier, nor is it in rounding Cape Horn, where there is what sailors call a "true" sea. The "wickedest sea" is encountered in rounding the Cape of Good Hope for the eastern ports of Cape Colony—Shipping World.

The Mails in Sweden.
In certain parts of Sweden, where the most absolute confidence is reposed in the honesty of the people, a very informal postal system is in vogue. As the mail steamer reaches a landing place a man goes ashore with the letters, which he places in an unlocked box on the pier. Then the passerby who expects a letter opens the box, turns over the letters and selects his own without being questioned by any one.

Dividing the Sees.
While worshipping in a little chapel a few miles from Runkin, on the Wrexham road, the sees are so strictly divided that they cannot even see one another. The building forms a right angle, in one arm of which the men sit and the women in the other. It was built and endowed by a minister of the Stuart period who objected to having his devotion distracted by the sight of the hated sex and, sympathizing with male paterfamilias, stipulated expressly for this division in his deed of endowment—London Standard.

CUTICURA SOAP

The World's Greatest Skin Soap.

The World's Sweetest Toilet Soap.

Sale Greater than the World's Product of Other Skin Soaps.

Sold Wherever Civilization Has Penetrated.

Millions of the world's best people use Cuticura Soap, assisted by Cuticura Ointment, the great skin cure, for preserving, purifying, and beautifying the skin, for cleansing the scalp of crusts, scales and dandruff, and the stopping of falling hair, for softening, whitening and cooling red, rough and sore hands, for baby rashes, itchings and chafings, for annoying irritations, or too free or offensive perspiration, for necrotic weaknesses, and many sensitive, antiseptic purposes which readily suggest themselves to women, especially mothers, as well as for all the purposes of the toilet, bath and nursery.

Cuticura Soap combines delicate emollient properties derived from Cuticura, the great skin cure, with the purest of cleansing ingredients and the most refreshing of flower odors. No other medicated soap ever compounded is so to be compared with it for preserving, purifying and beautifying the skin, scalp, hair and hands. No other foreign or domestic toilet soap, however expensive, is so to be compared with it for all the purposes of the toilet, bath and nursery. Thus it combines in one soap at one price the most effective skin and complexion soap, and the purest and sweetest toilet, bath and nursery soap.
